Nicolaus Copernicus University

Nicolaus Copernicus University (NCU) in Toruń was established in 1945. It is one of the largest universities in northern Poland and is outstanding in terms of academic potential, variety of courses, forms of education, and number of students. In the past years, NCU was classified among five best universities in the country, which confirms high standards of education.

Nicolaus Copernicus University not only offers most common courses such as Law or Economics, but also humanistic courses (e. g. Sociology, Philosophy), medical (6-year MD Program) and technical courses (e. g. Automation and Robotics, Informatics). Wide range of courses at Fine Arts Faculty is very impressive (e. g. Graphics, Sculpture, Painting). NCU is one of the four universities and colleges in Poland, which teaches in the field of conservation and restoration of art pieces. Being proud of our patron Nicolaus Copernicus, the greatest Polish astronomer, we place strong

emphasis on keeping high standards of teaching in the field of astronomy. In addition, NCU is the only university in Poland, which has the most modern and best equipped radio astronomy observatory.

Accommodation – Campuses

There are two university campuses in Toruń: the Center Campus and the Bielany Campus, as well as campus in Bydgoszcz. The University currently owns 14 student dormitories with accommodation for more than 3,500 students, including modern and fully equipped student dormitory in Bydgoszcz. Free Internet access is provided in all student dormitories.

Students life

Both campuses in Toruń and Bydgoszcz have a lot to offer. There are more than 200 students scientific associations. People keen on physical activity will find their place in various sections of the Academic Sports Association. Moreover, NCU

has its own students club OD NOWA which offers wide range of cultural events during the whole year.

Good to know

SAMORZĄD STUDENCKI, the Students' Self-Government (each faculty has its representative) is the official representative of all NCU students. Its main task is to cooperate with the authorities of the University and the faculties in matters relating to courses, students' social and material welfare, as well as cultural matters such as Juvenalia. At that time, students are taking control over Nicolaus Copernicus hometown and for few days possess keys to the city.

Those, who are willing to participate in classes taught in Polish, but feel that their level of Polish is insufficient, can join one-year intensive Polish course offered by NCU. For more information go to: http://jezyk-polski.umk.pl/wersja_a/index.html

Programmes of study in English

- BSc in Chemistry
- BA in English Studies

Fields of study in Polish

• **administracja** Administration • **agrobiologia** Agrobiology • **analizyka medyczna** Laboratory Medicine • **archeologia** Archaeology • **architektura wnętrz** Interior Design • **archiwistyka i zarządzanie dokumentacją** Archival Science and Records Management • **astronomia** Astronomy • **audiofonologia** Audio-phonology • **automatyka i robotyka** Automatic Control and Robotics • **bezpieczeństwo narodowe** National Security • **bezpieczeństwo wewnętrzne** Internal Security • **biologia** Biology • **biologia sądowa** Forensic Biology • **biotechnologia** Biotechnology • **chemia** Chemistry • **chemia i technologia żywności** Chemistry and Food Technology • **chemia kosmetyczna** Cosmetic Chemistry • **chemia żywności** Food Chemistry • **dietetyka** Nutrition Science • **doradztwo podatkowe** Tax Consultancy • **dziennikarstwo i komunikacja społeczna** Journalism and Social Communication • **edukacja artystyczna w zakresie sztuk plastycznych** Visual Arts Education • **ekonomia** Economics • **elektrodiagnostyka** Electroradiology • **etnologia – antropologia kulturowa** Ethnology – Cultural Anthropology • **europaistyka** European Studies • **farmacja** Pharmacy • **filologia** Language Studies • **filologia klasyczna i studia śródziemnomorskie** Classical Studies and Mediterranean Studies • **filologia polska** Polish Studies • **filozofia** Philosophy • **finanse i rachunkowość** Finances and Accounting
