Lodz University of Technology

Lodz University of Technology came into existence in 1945 and is situated in third biggest city of Poland. It is a dynamically evolving university with well-developed structure. Education and research is provided at nine faculties but there are many complimentary units functioning within the university. Nowadays TUL is one of the biggest and the best state universities in Poland. There are 20 000 students at the University.

Education. University has a strong tradition of engineering education and is well known all over the world for its achievements in research, science,

study programmes taught in foreign languages. IFE is a unit of TUL offering programmes taught completely in English and in French, perfectly suited for students from abroad. The main objective of the Faculty is to educate professional engineers and managers, fluent in foreign languages, able to demonstrate their knowledge in science, engineering, technology, management and business. At present there are over 1200 students from Poland and abroad at the Faculty.

International cooperation. The academic staff of TUL put the major emphasis on internationalization of education and improving its quality. The cooperation

Achievements:

- Lodz University of Technology was awarded both ECTS Label and Diploma Supplement Label which prove that the level of excellence in education is already very high and it continues to grow.
- Lodz University of Technology is the fourth most frequently chosen university by candidates as well as the fourth best technical university in Poland in 2015 according to the Ranking carried out by Perspektywy.
- International Doctoral School of Lodz University of Technology was awarded the LUMEN 2015 prize in the area of internationalization
- Lodz University of Technology has introduced Design Thinking methodology (originating at Stanford University, USA) into its study programmes and is becoming a center for providing know-how in design thinking on local and international level
- Lodz University of Technology is the only Polish university in the European Consortium of Innovative Universities
- TUL's Technology Transfer Center together with its Technology Transfer Office provide support for effective cooperation of the academic community and business. This is an example of creativity and initiative in research as well as in transfer and commercialization of advanced technologies and solutions.

**Science career with TUL**

Selam Waktola: *My name is Selam Waktola and I come from Ethiopia. I came to Poland to study my Masters in Computer Science at Lodz University of Technology. While I was studying my Masters, I was able to find an internship in one of a big company in the city. Currently, I decided to stay in Lodz and I continued my study in PhD level. Students of my department have an opportunity to conduct a research in the field of process tomography in one of the most modern laboratories in the world. I noticed that the professors are very open to share their knowledge and encourage students to do more practical projects like in many programming courses. As the campus is located very close to the center of the city and class rooms are in a walking distance from student dormitory, I had enough time to enjoy myself even after daily classes. Since I arrive to the campus, the Unit for Internationalization of Education of the University is readily available and helping me a lot by facilitating my needs. Studying in Lodz, Poland is fairly cheap with quality education and having an opportunity to meet with foreign international students like me.*

education and international cooperation. TUL aims at being innovative university of local and international importance.

International Faculty of Engineering. TUL is the only university in Poland with so many well-organised

of TUL with foreign universities, research centres and industry began with establishing the University. Nowadays University cooperates with over 500 academic centers from 51 countries.

Student life

Being a student does not require 24/7 studying. What you do after your lectures have finished is

Programmes of study in English and in foreign languages

- BSc Gestion et Technologie (French)
- BSc in Architecture Engineering
- BSc in Biomedical Engineering
- BSc in Biotechnology
- BSc in Business and Technology
- BSc in Computer Science
- BSc in Information Technology
- BSc in Mechanical Engineering and Applied Computer Science
- BSc in Science and Technology
- BSc in Telecommunications and Computer Science
- MSc Computer Science and Information Technology
- MSc in Biotechnology
- MSc in Management
- MSc in Management and Production Engineering
- MSc in Telecommunication and Computer Science
- MSc Advanced Mechanical Engineering

Fields of study in Polish

- *architektura* Architecture
- *architektura wnętrz* Interior Design
- *automatyka i robotyka* Automatic Control and Robotics
- *biotechnologia* Biotechnology
- *biogospodarka* Bioeconomy
- *biotechnologia środowiska* Environmental biotechnology
- *chemia i inżynieria materiałów specjalnego przeznaczenia* Special Purpose Materials Chemistry and Engineering
- *budownictwo* Civil Engineering
- *chemia* Chemistry
- *chemia budowlana* Chemistry of Building Materials
- *elektronika i telekomunikacja* Electronics and Telecommunications
- *elektrotechnika* Electrical Engineering
- *energetyka* Power Engineering
- *europaistyka* European Studies
- *fizyka techniczna* Technical Physics
- *gospodarka przestrzenna* Spatial Economy
- *informatyka* Computer Science
- *inżynieria bezpieczeństwa pracy* Occupational Safety Engineering
- *inżynieria biochemiczna* Biochemical Engineering
- *inżynieria biomedyczna* Biomedical Engineering
- *inżynieria kosmiczna* Space Engineering
- *inżynieria materiałowa* Materials Engineering
- *inżynieria procesowa* Process Engineering
- *inżynieria produkcji* Production Engineering
- *inżynieria środowiska* Environmental Engineering
- *inżynieria zarządzania* Production Engineering
- *logistyka* Logistics
- *matematyka* Mathematics
- *mechanika i budowa maszyn* Mechanical Engineering
- *mechatronika* Mechatronics
- *nanotechnologia* Nanotechnology
- *ochrona środowiska* Environmental Protection
- *papiernictwo i poligrafia* Paper and Printing Technology
- *systemy sterowania inteligentnymi budynkami* Intelligent Building Control System
- *technologia chemiczna* Chemical Technology
- *techniki dentystyczne* Dental Technology
- *technologia kosmetyków* Cosmetics Technology
- *technologia żywności i żywienie człowieka* Food Technology and Human Nutrition
- *towaroznastwo* Commodity Science
- *transport* Transport
- *włókiennictwo* Textile Engineering
- *wzornictwo* Design Studies
- *zarządzanie i inżynieria produkcji* Management and Production Engineering
- *zarządzanie* Management

Facts & figures: Established in 1945 • 1446 academic staff • 18 698 students (40% women) • 1800 foreign students

Contact: International Relations Office: 10/12 Skorupki 10/12 Skorupki Street, 90-924 Łódź, Poland • phone: +48 42 631 21 37, +48 42 631 28 57, +48 42 631 20 81, +48 42 631 28 80 • fax: +48 42 631 21 95, +48 42 636 50 14 • e-mail: foreignstudents@info.p.lodz.pl, iro@info.p.lodz.pl, www.p.lodz.pl

equally important. Lodz University of Technology welcomes active people and supports student initiative.

Our students enjoy relaxing in the world of arts and culture. Żak student radio station, which broadcasts around the clock at 88,8 MHz, is over 50 years old! This is the place where many now successful Polish journalists began their careers.

TUL's Choir has indulged its fans for a slightly shorter time. Nevertheless, 40 years of continual stage presence is rather impressive. It is the best amateur choir in Poland.

TUL's Academic Orchestra is its youngest musical child. Established in 2005, the Orchestra performs classical and popular music as well as film scores.

Annual Juwenalia is the biggest student event. A few days of unforgettable fun. A special event during the Juwenalia is Miss of Lodz University of Technology beauty pageant.

Those with high doses of energy can vent it out by joining any of the 31 sports sections of the Academic Sport Association of TUL. Swimming, track and field sports, martial arts, bridge and chess – whatever suits you best. Team games, paragliding and rock climbing sections have been among the most popular.

For those who want to travel the world, are curious about other cultures, want to make international contacts and gain precious

experience, international student organisations and associations are the perfect place. The following organisations operate at TUL: the Board of European Students of Technology BEST, Erasmus Students Network, European Exchange Łódź ESN EYE, International Student Association of Economy and Trade – AIESEC, the International Association for the Exchange of Students for Technical Experience – IAESTE.

There are almost 75 student circles at TUL. They are perfect places for students who have a passion for science and want to enrich their knowledge and understanding of an area of science. Nine halls of residence provide accommodation and free Internet access to 3000 students. The student village also houses student organization offices, sports facilities, canteen, corner stores, port office, health care centre, as well as a modern performance hall.
