From Uruguay to Poland

Fabiana Ambroa Ibarruri (Uruguay): *I compared the study programs in the field of International Law at various universities. I had a choice to study in Sweden or in the Netherlands but I decided to enroll at Adam Mickiewicz University in Poznań, Poland. AMU convinced me with comprehensive academic offer and advanced research opportunities. Before departure I was not quite sure whether I find my way around in a foreign country. Luckily I met people who are open, friendly and ready to help a foreigner. I encourage anyone to come and see for themselves!*

interview and entrance exams at Poznań University of Medical Sciences (PUMS) as well as other medical programs in Poland. On the other hand, the PreTech Program is an engineering course offered and designed to enable the students to approach technical and engineering degree programs with

more confidence and prevent them from dropping out after the first year. Apart from courses in various natural and technical sciences both programs provide candidates with basic skills in Polish and improve both medical and technical English vocabulary.

PreTech covers fundamental subjects for most engineering and technical studies.

AMU also offers a 6-month and a 1-year General English and English for Academic IELTS course as well as preparatory Polish Language and Culture courses.
